

Extendable Magnetic Flashlight Kit

Better than ever - this time saver is a must-have for your toolbox!

INNOVATIONS

- **Inspection mirror** - connects magnetically to the lighted end of the EMF and easily adjusts to any angle for searching, viewing and pick up.
- **Pocket clip** keeps your EMF handy when you need it!
- **Super powerful magnet** on the grip end of the EMF holds EMF securely, even to a vertical surface.

Counter Display Requires Only 6" x 5" Area

Keep this tough, lightweight tool close at hand when you work in those hard-to-access places. The perfect choice for: repairsmen, contractors, craftsmen, mechanics and DIYers!
