

Filterbox Grabber

Lift filterboxes from ground to roof level quickly and safely

- *Save time* - no more trips up and down ladders while carrying filterboxes
- *Maximize profits* - fulfill service contracts with only one person
- *Unique Grab and Pull System*

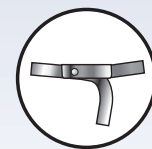

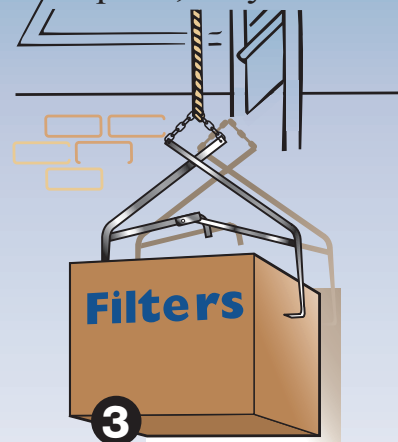

1. Lower the Filterbox Grabber and position above box of filters

2. Quickly drop the Filterbox Grabber so that the locking mechanism activates

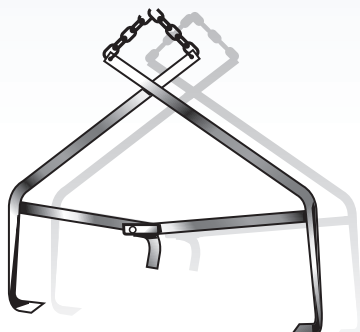

3. The Filterbox Grabber clamps onto the box for a quick, easy lift

Locking Mechanism

U. S. Patent 5,259,654

Part #FG-1 Filterbox Grabber
