*"Cleaner Air  
Is our Business"*

The RGF **Noble Air** Auto/Home Air Purifier System has been proven to drastically reduce a variety of pollutants in your vehicle. These pollutants include: bacteria, odors, smoke, mold, fungi, particulates, viruses and VOCs (chemical odors). It is a compact air treatment system, not a filter.

## AUTO/HOME AIR TREATMENT

### *Noble Air* Auto/Home Air Purifier System by RGF

The **Noble Air** plugs directly into a cigarette lighter outlet and fits securely in the vehicle cup holder.

*The REME Cell creates an Advanced Oxidation Plasma consisting of: Charged Ionized Hydroperoxides, super Oxide Ions and Hydroxide Ions. These friendly oxidizers revert back to Oxygen and Hydrogen after the oxidation of the pollutant.*
